

Homes for Iowa trains incarcerated men to build affordable and energy efficient homes for income qualified Iowans.

HFI prepares men for re-entry into their communities, keeping Iowans safer by reducing the rate of return to prison.

Iowa employers need skilled tradespeople, and HFI supports the Future Ready Iowa program by preparing men as plumbers, roofers, framers and other apprenticed skills.

All 24 homes for 2021 are fully subscribed, and families in 19 Iowa counties will soon come home to a HFI house!

 2020: 8 homes
 2021: 24 homes
